CUMULATIVE INDEX

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles, series titles, and sub- or alternate titles.

Subject index: An alphabetical list of subjects derived from Library of Congress Subject Headings.

Series/report index: An alphabetical list of report numbers and series statements.

Classification numbers index: An alphabetical list of classification numbers used in the term of this index.

Stock numbers index: A numerical list of Superintendent of Documents stock numbers.

Title keyword index: An alphabetical list of important words selected from information in the title field.

A margin index on the back cover locates the seven listings. Cumulative indexes are published semiannually and annually. Titles in all indexes are followed by the text entry number where more detailed information is available.
